

The key to being part of the group is signing up to our email list. Once you're on that, you'll get reminders of events and be invited to sign up to those where we need firm numbers.

To join the mailing list, just send an email to 20s30s@trinitynorwich.org and we'll add you to the list.

Feel free to bring friends along – the group is a great way to introduce them to Christians without being Bible bashed!

Each event has a contact name associated with it. This person is the organiser of the event and will send out a reminder email to the mailing list before the event.
